FIELD WORK REQUIREMENTS

Required field work experience for Level 2 Unbonded PT Installer: Total of 500 hours of PT installation work with a minimum of 150 hours of installation and a minimum of 150 hours of stressing of unbonded PT on elevated construction. Note – Any time involved in the stressing and detensioning operations may be counted toward this work requirement. Field work experience hours for stressing may include time calculating elongation of stressing operations, evaluation of elongation, detensioning of tendons, stressing of repaired tendons, etc.
