In control through certification...

Benefits of Certification

Quality of materials and workmanship are critical to the long-term durability and performance of post-tensioning. Individuals who complete this training will have a sound working knowledge of post-tensioning installation and inspection that will benefit them and their employers in many ways, including:

- Durability of PT construction
- Improved productivity
- Enhanced safety
- Risk reduction
- Code and specification compliance
- Improved profitability and competitiveness
- Professional development (earn 12 PDH / 1.8 CEUs upon completion of the workshop*)
- Better value for the owner

Code and Specification Compliance

The International Building Code incorporates ACI 318, "Building Code Requirements for Structural Concrete," which requires that post-tensioning installation be performed by individuals **certified** by an independent training and certification program; PTI-certified field personnel have been shown to meet this.

For workshop location updates, visit www.post-tensioning.org.

Certification Requirements

Attendance requirements

- Current Level 1 Unbonded PT Installer or Level 2 Unbonded PT Installer or Inspector certification.

Level 3 Repair Specialist

- Prerequisite: None
- Exam minimum score: 80%
- Field work experience: 750 hours in PT repair (600 hours installing, 150 hours stressing of repairs)

Level 1 Repair Installation

- Prerequisite: None
- Exam minimum score: 80%
- Field work experience: None

**PTI Certification Workshop:
Level 3 Unbonded PT Repair, Rehabilitation, and
Strengthening (for elevated structures)**

This comprehensive 3-day workshop is designed to enhance the knowledge and capabilities of installers and inspectors and other key personnel involved in the construction and field inspection of single strand unbonded post-tensioning systems.

Upcoming Workshops: (Check www.post-tensioning.org for updates)

Description: 2 days, 8:00 a.m. to 4:30 p.m.

Note: Level 1&2 Unbonded PT Installer or Level 1 Unbonded PT Installation workshop attendance required before registration for this workshop.

Topics covered include:

- PT systems
- Initial construction
- Contract documents
- Evaluation
- Repair steps and techniques
- Safety
- Case studies

Who should attend: This training is of value to building officials, engineers, industry personnel, or anyone involved in inspecting, supervising, or managing unbonded post-tensioning installation.

About our instructors: Workshops are presented by instructors with extensive experience in post-tensioning inspection and engineering. Their knowledge of real-world principles and challenges provide attendees with an in-depth understanding of proper post-tensioning practices.

*It is the responsibility of the attendee to verify that the PDH contact hours earned in this workshop meet the requirements of the state board of professional licensure for continuing education credits.

REGISTRATION FORM

Level 3 Unbonded PT Repair, Rehabilitation, and Strengthening

Complete this form and submit with payment to:

38800 Country Club Drive, Farmington Hills, MI 48331
Phone: (248) 848-3180 • Fax: (248) 848-3181
Website: www.post-tensioning.org

Note: Course content is pertinent to repair, rehabilitation, and strengthening of unbonded post-tensioning for elevated construction. PTI's training workshops feature presentations and group discussions that allow participants to gain insight into the specific aspects of repair construction. Certification exams are administered at the completion of the classes. Applicants must attend all training sessions to be eligible to take the certification exam. Certification is valid for 4 years from the date of the workshop and can be renewed by passing an online exam. **Workshop manuals are sent to applicants in advance and applicants are encouraged to read the manual prior to the workshop.**

The workshop registration fee includes student manual, lunch, and refreshments both days. It does not include the cost of travel or hotel lodging; participants must make their own arrangements. **PTI members and advanced registrations take advantage of discounted prices, as shown below.**

Registration information:

Company name _____ Workshop location/date _____
Street address _____ City, State _____
Zip code _____ Phone _____ Fax _____
E-mail address _____
Names of attendees _____

Payment information:

Please check all that apply.

Check one	Registration fee for	Advance fee (paid at least 30 days before workshop)	Regular fee
<input type="checkbox"/>	PTI member	\$485.00	\$535.00
<input type="checkbox"/>	PTI nonmember	\$535.00	\$595.00

Note: For registrations 7 days or closer to the workshop, a \$75 administrative surcharge will be added

Total amount enclosed: _____
Payment method: _____ Check (on U.S. Bank) _____ Credit card (circle one)
