

# PTI MEMBER CONTRIBUTION AWARDS

A **PTI Legend** shall have made a significant long-term contribution to the development of the post-tensioning industry in North America and be selected from among nominees put forth by the PTI Membership. The honoree is the first of many deserving individuals who have contributed to the industry's success.

**Scott Greenhaus**

A Civil Engineering and MBA graduate from the University of Maryland, Greenhaus serves as the Executive Vice President and Chief Risk Officer at Structural Technologies. With extensive affiliations and leadership roles in organizations like PTI, ICRI, and ASCC, Scott actively contributes to advancing concrete repair and construction safety practices while also serving as Vice Chairman of the University of Maryland Engineering Board of Visitors, demonstrating his commitment to both industry and education.

## SCHEDULE OF EVENTS

The 2024 PTI Awards Program will honor the members whose commitment, research, and service will continue to shape PTI and the post-tensioning industry for years to come.

- 6:00 PM** Reception
- 7:00 PM** Welcome by PTI President
- 7:05 PM** Dinner
- 7:45 PM** Awards Presentations:
  - PTI Service Awards
  - PTI Member Contribution Awards

Congratulations to all the esteemed recipients of this year's PTI Award program! Your dedication, commitment, and unwavering efforts have contributed to the industry and Institute's success.

**Gregory Hunsicker**  
President, PTI

## MASTER OF CEREMONIES

**Tim Christle**  
Executive Vice President, PTI

# PTI 2024 AWARDS PROGRAM

April 15, 2024  
The Westin Indianapolis  
Indianapolis, IN, USA

## THANK YOU

A sincere gratitude to our Technical Advisory Board (TAB), Certification Advisory Board (CAB), and our Award Reception Sponsors.

# PTI MEMBER CONTRIBUTION AWARDS

A **PTI Fellow** shall have made outstanding contributions to the industry in the areas of education, research, development, design, construction, or management. A Fellow shall have made significant contributions to the Institute through committees and/or other involvement and shall have been an active member of PTI during at least the most recent five consecutive years.

**James Sudduth**

A self-made entrepreneur from Alabama, Sudduth has pioneered advancements in the post-tension industry for nearly five decades, founding successful ventures like Post-Tension Products Manufacturing and P.T. Atlas Manufacturing. His commitment to innovation and quality, evident in patented products like corrosion-protected anchorage systems and the Cable Shear, continues to drive the industry forward, while his community contributions reflect his generosity and leadership beyond business achievements.

**Zuming Xia**

Technical Manager at Structural Technologies, Dr. Xia brings over two decades of expertise in post-tensioning applications, encompassing research, system testing, and certifications. With a strong academic background and extensive committee involvements in ACI and PTI, his contributions span from structural engineering research to leadership roles in standards development, enhancing the industry's practices and technologies.

# PTI SERVICE AWARDS

The **PTI Service Awards** are presented annually by the **PTI Technical Advisory Board (TAB)** and the **PTI Certification Advisory Board (CAB)** to groups and individuals who have gone beyond the call of duty and provided PTI with time and resources that are out of the ordinary.

**James R. Cagley Medal for the Most Active Technical Committee Chair**

**Brian Merrill**

A Principal at Wiss, Janney, Elstner Associates, Inc. (WJE) in Austin, Texas, Merrill brings over 35 years of post-tensioning expertise, including roles with TxDOT's Bridge Division and FHWA's Expert Task Group. He chairs key committees in ASBI/PTI, contributes to fib Task Group 5.13, and was honored as a PTI Fellow in 2021.

**Russell L. Price Award for the Most Active Committee Member**

**Fabrice Brugere**

Owner of PT Tech, LLC, Brugere began his career in soil consolidations and tie-back anchors in France before transitioning to operations management in multi-strand projects with VSL Corporation in the United States. Since 2003, he has specialized in unbonded single strand projects on the West Coast and has become a prominent PTI field certification instructor, actively contributing to PTI committees and holding multiple field certifications.

# PTI SERVICE AWARDS

**Kenneth B. Bondy Award for the Most Meritorious Technical Paper**

**Asit Baxi**

President of Baxi Engineering, Inc. (BEI) and Global Post-Tensioning Solutions (GPT), Dr. Baxi plays a pivotal role in the post-tensioning industry, leading various committees and serving on boards within the PTI and the ACI. His extensive involvement and leadership along with his recognition as both a PTI and ACI Fellow highlight his dedication to advancing post-tensioning technology and standards.
