

2012 Proceedings

Nashville, TN

- [PTI Certification Programs - Past / Present / Future, Larry Krauser](#)
- [Unbonded Tendon Stress Increases in Multi-Span Members, Marc Maquire, William Collins, Kedar Halbe, Carin Roberts-Wollmann](#)
- [The PTI Method for Grade Slab Design - A Dissenting View and Alternative, Richard Martter](#)
- [The PTI Method for Grade Slab Design - A Dissenting View and Alternative, Richard Martter](#)
- [PTI's New Design Guide: A Resource for Preliminary and Final Building Designs, Don Kline, Carol Hayek](#)
- [Way Banded Tendon Layout, Jonathan Hirsch, Rashid Ahmed, Asit Baxi](#)
- [Effects of Post-Tensioning in Design of Columns and Walls of Multi-Story Buildings, Florian Aalami](#)
- [Live Ends at the Slab Edge - Good Construction Practices, Douglas Sarkkinen](#)
- [Repair of Precast Pre-Tensioned Girders Using External Post-Tensioning, Miguel Forero, Asit Baxi](#)
- [The Most Common Types of Post-Tensioned Repairs in Parking Structures, Gabriel Jimenez](#)
- *New Guide for Evaluation and Repair: A Resource for Existing Structures, Florian Barth*
– Presentation Not Available
- [Montgomery County Judicial Center, Phillip Antis, Tom Gillard](#)

- [Post-Tensioned Buildings in Korea, Thomas Kang](#)
- [Post-Tensioned Void Slab System, Jang Keun Yoon, Florian Aalami](#)
- [Developments in Unbonded Plant Certification, Thomas Mathews](#)
- [Value of Specifying Grouted Field Personnel Certification, Gregory Hunsicker](#)
- [Importance of Unbonded Field Personnel Certification, Neel Khosa](#)
- [Retrofit of the Post-Tensioned Precast Transition Pier Columns on the Sunshine Skyway Bridge, Antonio Ledesma](#)
- [Segmental Bridge Construction Techniques, Robert Sward](#)
- *Lake Champlain Bridge Cables - Design, Testing and Installation, Khaled Shawwaf – Presentation Not Available*
- [Significant Bridges in Mexico: The Vidalta Bridge, Jose Luis Quintana](#)
- [Current Practice of Assessing Strength and Durability of Grouted Tendons and Cable Stays, Randall Poston, Keith Kesner, Michael Ahern, Sharon Wood, and Jinying Zhu](#)
- [Corrosion of Tendons in Florida due of Segregation of New Prepackaged Grout, High pH, Low Chloride, Pitting due to Sulfur Compound, Kingsley Lau](#)
- *Corrosion Performance of Prestressing Strands in Contact with Two Different Grouts, Matthew O'Reilly – Presentation Not Available*
- [Recent Development in Corrosion-Resistant Prestressing Steels, Robert Moser, Daniel Schuetz, Lawrence Kahn, Kimberly Kurtis, and Preet Singh](#)
- [PTI - Moving Forward, Theodore Neff - PTI Executive Director](#)
- *Sustainability, what's in it for me? A World of Opportunity, Florian Barth – Presentation Not Available*

- [Promoting Post-Tensioning, Michael Russillo](#)
- [Post-Tensioning from a Global Perspective, Marc Khoury](#)
- [Welcome - 2012 PTI Convention, Larry Krauser - PTI President](#)
