

2014 Proceedings

Norfolk, VA

- [Post-Tensioned Rock Anchors Used for Retrofitting Canadian Dams, 1999-2013, Jim Bruce](#)
- [Load-Distributed Ground Anchors, Andy Baxter](#)
- [Recommendations for Prestressed Rock and Soil Anchors - 5th Edition, Matt Niermann](#)
- [Park Plaza Post-Tensioned Parking Structure Demolition, Austin, TX, Michael Lussier](#)
- [Post-tensioning Design for the University of Arizona - Environmental and Natural Resources II Building, Asit Baxi](#)
- [Building Information Modeling \(BIM\) Requirements for PT Projects - Today's Capabilities for a BIM-based Design, Florian Aalami](#)
- [Design of Post-Tensioned Raft and Piled Raft Foundations in the Amazon Region, Fabio Albino de Souza](#)
- [The PT Supplier's Expertise Contribution to a Successful Project, Russell Price](#)
- [Why Do I Prefer PT as a Contractor, Bill Klorman](#)
- [The Tallest Residential Building in Seattle Taking Advantage of PT, Cary Kopczynski](#)
- [PT Wedge Manufacturing Process, Quality Control, and Tolerances, Kevin Walsh](#)
- [Effects of Anchor Wedge Dimensional Parameters on Post-Tensioning Strand Performance, Kevin Walsh](#)
- [Hybrid Precast Concrete Shear Walls for Seismic Regions, Yahya Kurama, PhD](#)
- [Innovative Seismic Lateral Force-Resisting Systems, Stephen Pessiki, PhD](#)

- [Dispelling the Myth and Unbonded Post-Tensioned Buildings - Is the Negative Stigma Deserved?, Lindsey Tourand and Chris Fulton](#)
- [All Wrapped UP - Protection of Post-Tensioning Tendon Repairs, Tracy Naso and Jim Donnelly](#)
- [The Importance of the Grout Pocket Integrity in Unbonded Post-Tensioned Structures, Gabriel Jiminez, PhD](#)
- [Innovative Corrosion Mitigation Method for Post-Tensioned Structures, Garth Fallis](#)
- [Virginia Experience with Post-Tensioned Tendon Grouts, Michael Sprinkel](#)
- [Corrosion of Post-Tensioned Tendons in Deficient Grout Material, Krishna Vigneswaran Konda Krisnamurthy and Kingsley Lau, PhD](#)
- [Unbonded Tendons with Alternative Post-Tensioning Filler Materials \(handouts unavailable\), Natassia Brenkus and H.R. \(Trey\) Hamilton](#)
- [Effects of Age and Limestone Fillers on Post-Tensioning Grout Performance \(handouts unavailable\), H.R. \(Trey\) Hamilton and Byron Spangler](#)
- [San Francisco - Oakland Bay Bridge: Post-Tensioned Solution for Retrofit of Broken Bolts, Mike Schwager](#)
- [Force Monitoring of Prestressing Steel in Structures, Shahid Islam, PhD](#)
- [Miami Science Museum, Bonded Post-Tensioning Gulf Stream Tank, Katherine Farley and Sharath Murthy](#)
- [9th Avenue, West Manhattan Project, New York City - The Erection and Post-Tensioning of the Platform Deck, Tommaso Ciccone, Gilberto Dreas](#)

- [Post-Tensioning System of the Precast Network Arches of the West 7th Street Bridge, Courtney Holle, Dean Van Landuyt, and Zuming Xia](#)
- [The Role of Professional Members in PTI, Don Kline](#)
- [Just Certification, Larry Krauser](#)
- [Technically Sound Solutions Benefit All Involved, Cary Kopczynski](#)
- [PTI Executive Director's PTI News - Theodore Neff, Executive Director PTI](#)
- [Quality of Post-Tensioning Systems, Marc Khoury – PTI President](#)
