Notes:

- (1.) Applicants applying after November 1st will receive one (1) announced inspection in that calendar year, and will receive a credit of 50% of the fee submitted to be applied towards the next calendar year's certification fee. If Applicant elects not to continue in the Certification program in the following year it forfeits the credit to PTI.
- (2.) Plants that fail an inspection or that receive a conditional certification may request re-inspection. Such requests shall be made in writing to the Post-Tensioning Institute within 21 calendar days of receiving the PTI Independent Inspection Agency's evaluation report. The re-inspection fee must be paid in advance of the re-inspection.
- (3.) Fee is applicable in the event that an extra day is required to perform the inspection as a result of circumstances beyond the control of the inspector (e.g. a plant shut-down)
- (4.) The fee for applicants with plants located outside of North America will be dependent on the added time and expense for travelling overseas. Contact PTI for an estimate of additional charges.
