
Note that your manuscript should not exceed 11,000 words or word-equivalents (including figures and tables; see **Initial Checklist** for word count and word-equivalents). Use the *word count* feature offered by the word processing software you are using. Number all pages, including the figures and tables. Please refer to the **PTI Journal Publication Policy** for more information regarding general formatting requirements.

- ☐ **Copyright Release Form** emailed to emily.emanuelsen@post-tensioning.org?
All authors must sign this form. Consideration will not be given to manuscripts that are already copyrighted, are copyrighted while they are in the review process with other journals or entities, or have been already reviewed and published elsewhere. It will be left to the discretion of the PTI Technical Staff to consider previously published work if and only if a copyright release form is enclosed, signed from the original publisher that holds the copyright to the manuscript (e.g., ACI, PCI, etc).
- ☐ Have you emailed one MS Word and one *.pdf copy of your revised manuscript? Note: electronic copies of all illustrations, tables, figures, and graphs must accompany electronic copies of the final manuscript. There will be No need to send hard copies.
- ☐ Have you made sure all the figures and tables are at least 300 dpi in quality and provided PTI with them in a separate file?
- ☐ Have you provided a list of figure and table captions? Please make sure that all figure captions are in MS Word (editable) format and are not embedded within the figure itself.
- ☐ All comments and suggestions incorporated? (please send your response to items not incorporated in the final manuscript, stating the reason why they were not considered. Refer to the reviewer's reference number located at the top of the review form if needed)
- ☐ Are all figures and tables legible and clear? All fonts must be legible (min. no 10 font size or larger on all figures and tables)
